East Gippsland Bridge aficionados have taken the challenging card game to the next generation.

First started at Bairnsdale West Primary School more than four years ago, the program, a national leader, is now in six local schools weekly, teaching hundreds of students the game of bridge, challenging them mathematically and developing their teamwork and brains.

Local bridge club members volunteer their time to instruct small groups of willing students in weekly sessions for Bairnsdale West, Swan Reach, Tambo Upper, Eagle Point, St Mary’s and Lucknow primary schools, Gippsland Grammar and Nagle College.

Bairnsdale West signed up to the program following an approach by the brainchild of the concept and Bairnsdale Bridge Club member, Frank Power.

For West principal Doug Vickers the program has immediately an interest," he said.

“Frank pioneered the club.”

Bairnsdale Bridge Club member John Brazier said the program allowed her to get to know other people and that it was a good card game.

“It helps with my maths, too," Mrs Brown said.

Bairnsdale Bridge Club member and one of three instructors visiting Gippsland Grammar on a Tuesday, Patricia Brown, plays bridge in Bairnsdale every Saturday.

“I just think it’s good for the brain,” Mrs Brown said.

“Working with a partner and working out strategies,” Mrs Pemberton said.

Bairnsdale West Primary School student Bree O’Neill said the bridge program allowed her to get to know other people and that it was a good card game.

“Bridge is a game of strategy, maths and learning to problem solve,” Ms Carey said.

“Students at Eagle Point Primary School have enjoyed the bridge program in 2014, collectively saying it’s a “new thing to learn and it makes you think.”

“Working with a partner makes it more enjoyable, you can share the fun,” student, Eishiea Miller, said.

Carey Lang, of Paynesville Bridge Club, said the characteristics of the game suited the grade 5/6 curricular in primary schools, eight students spending an hour a week honing their skills.

“Bridge is a game of strategy, maths and learning to problem solve,” Ms Carey said.

“It teaches them the independence of thought, etiquette, partnership skills, respect and etiquette. It’s a different way of thinking.”

Four players play bridge in two competing partner- ships, with partners sitting opposite each other around a table.

Millions of people play bridge worldwide in clubs, tournaments, online and with friends at home, making it one of the world’s most popular card games.

The game consists of several deals, each progressing through four phases: dealing the cards, the auction (bidding), playing the cards, and scoring the results.

Frank Power was passionate about bridge and the benefits it was having for the district’s school children. He instigated this feature with the Advertiser, in cooperation with the schools involved in his program, and was hopeful other regions across Australia followed Bairnsdale’s lead. Mr Power died last Friday, July 25.

LUCNOW: Darcy Clifford, Chloe Long, Oliver Woodsmith and Austin Tomi.

BAIRNSDALE WEST: Taking instruction from Mary Turnball are Emily Steele and Deklan King.

ST MARY’S: Lilly Zelenko and James Stastra.

ST MARY’S: Helen Sampson (Bairnsdale Bridge Club) instructs Bree O’Neill, Ebony Walsh, Erin Forster and Lara Bolger.

GIPPSLAND GRAMMAR: Bridge instructors and staff with participating students in the weekly Tuesday lesson.
