If you have forgotten your My ABF password here are the steps to reset it.

Step 1. Go to the login screen:

Below this are two input fields: the first contains the number '518891' and the second contains a series of dots representing a password. A blue 'LOGIN' button is positioned below the password field. At the bottom of the screen, there are two links: 'Sign Up' on the left and 'Reset password' on the right. A red arrow points from the 'Reset password' link to the next screenshot.

If you do not receive the email:

- a) Check your spam folder to see if it is there.
- b) Check that you have provided the right email address (the reset email will only be sent if the email provided at step 2 matches the email address in your account). Try again if necessary.

If you still cannot find the email contact My ABF Support.

Sometimes players try to reset their passwords when their account is not yet active. If this happens, you will receive a different email containing a link asking you to activate your account first. After you have done that, you will be taken into the Profile page of your My ABF account. You can change the password directly from there – or you can repeat the steps in this document.
