

Release 1.1.9

CHANGES FOR PLAYERS

The following are the key changes for players.

1. No need to edit the Entry screen any more

When you already have an entry in place, in order to be able to make various changes, including making individual payments, it has previously been necessary to open the screen for editing. This wasn't obvious to many people.

We have now removed that step so the entry screen will have all its options immediately visible.

You can open your entry in multiple ways:

1. From your shopping cart (if you haven't yet confirmed it):

Event	Congress	Organisation
Welcome Pairs	Our Big Congress	Fantasy Bridge Club

2. From your dashboard:

1 May 2022: Trumps congress 1 (series 1) - Pairs
1 Jul 2022: Our Big Congress - Welcome Pairs

3. From the Program of events for the Congress:

Event	Entry Fee	Day	Time	Entries	Action
Pairs	50 credits	Sunday	01-05-2022 - 10am	1	VIEW YOUR ENTRY VIEW ENTRIES

The entry screen will now open up looking something like this:

Entry status is: Pending

Entry made by: Mark Guthrie

Player	Change	Payment Method	Entry Fee	Status	Action
 Mark Guthrie		Bridge Credits	145 credits	 Paid	
 Alan Admin		TBA 	145 credits	 Unpaid	PAY NOW
 Debbie Dyson		TBA 	145 credits	 Unpaid	PAY NOW
 Iain Igloo		Bridge Credits	145 credits	 Paid

[WITHDRAW WHOLE TEAM FROM EVENT](#) [EXIT](#)

This allows you to make all sorts of edits. Specifically for payments, the right hand “Action” column gives you several pay options:

- Click “Pay Now” against your own name to pay your share individually.
- Click “Pay Now” against other players in the entry to pay for them.
- Click "Pay For Everyone" at the bottom to pay everything outstanding for the entry in one go.

You are also now able to confirm/cancel before the payment goes through:

Pay with Your Bridge Credits

[Pay with My Bridge Credits](#) [Cancel](#)

Pay with My Bridge Credits just means it will take money from your account if it’s there, otherwise it will take you to the card payment screen. **YOU NEVER NEED TO “BUY” BRIDGE CREDITS IN ADVANCE!**

2. Entries stuck in shopping carts now resolved

Some players have been impacted by some old entries that got stuck in their shopping carts. These should now have been removed and the problem which caused it to happen originally has been fixed.

This problem has been around for a while and we apologise for the inconvenience.
