

RELEASE 6.3.4 MARCH 2026

This release provides improved results display options (more are to come).

Behind the scenes a lot of work has also been done in building a connection between My ABF and Xero (accounting system) which will help streamline the way we do settlements to clubs and also, in future, facilitate invoicing clubs for masterpoints and capitation fees.

1. Results display – double dummy solver

The results display now incorporates a double dummy solver. This is initiated by clicking “Play this hand” underneath the board display:

⏪ ⏩

Use the buttons at the bottom to undo the last card or restart from the beginning.

The contract is initially shown as the one played at the table from where the hand was selected – but it can be changed by the blue button in the header.

2. Results display

2.1. NOTE FOR CLUBS - Cross Imp and Butler Imp sessions

Up until now in My ABF it has only been possible to upload a club duplicate pairs session scored by matchpoints. It is now also possible to upload sessions scored by cross imps and by butler imps (for both Mitchell and Howell movements).

2.2. Future – Swiss pairs and Swiss teams

The next stage in results display will be to facilitate competition formats – most notably swiss pairs and swiss teams results. This will then lead onto being able to display tournament results for players (both for club events and state/national events).
