

ABF HIGH-PERFORMANCE PROGRAM

Building a stronger future for Australian representative bridge

Australia has one of the largest bridge communities in the world. The ABF High-Performance Program is building the pathways, partnerships, preparation and support needed to convert that strength into stronger international performance over time.

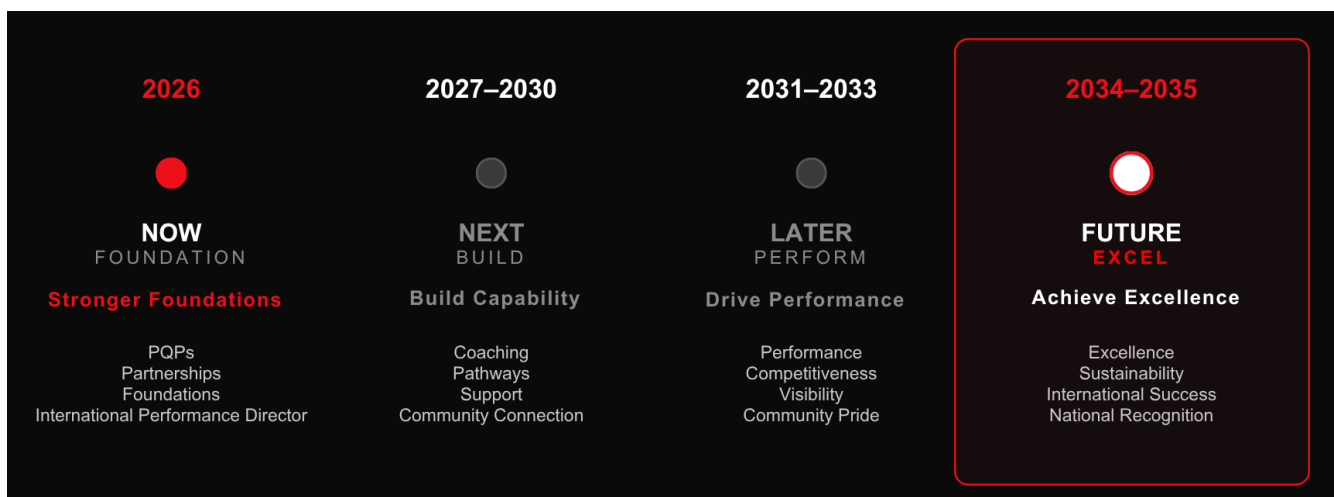

The Program is a long-term journey designed to create stronger Australian teams, clearer opportunities for players and a national representative system the entire bridge community can be proud of.

WHY THIS MATTERS

Stronger Australian teams on the world stage that our entire bridge community can be proud of.
